Product Description

Troy-Bilt Bronco CRT 208cc 14" Rear Tine Tiller

The Troy-Bilt Bronco™ CRT tiller provides maneuverability and power with a rear-tine design that helps break new ground and prepare areas for planting. The maximum tilling width of 14" is ideal for small to medium size projects, and the 10" steel tines provide up to 6" of tilling depth.

- Bronco CRT helps prepare areas for seeding and planting, turns compost piles, and thoroughly mixes soil amendments to help improve plant performance.
 - Powered by a 208cc OHV Troy-Bilt engine with one forward speed to help create finely milled, well-aerated soil.
 - 14" tilling width makes the Bronco™ CRT ideal for small-to-medium-sized gardens.
 - 10" bolo-shaped steel tines slice, chop and turn soil up to 6" deep with depth stake assistance
-
