Product Description

Yamaha EF2200iS Inverter Generator

Regular price: \$1,499.95

Sale price: \$899.95

It is equipped with a multifunctional LED indicator with a power display and warnings in trouble cases. In addition, an LED light has been set up under the indicator so that the switches can be checked in dark places. The boost mode switch raises the number of rotations of the engine temporarily (for approximately 60 seconds). When using devices that require a large starting current, such as a compressor of a submersible pump or refrigerator, use this switch. Push the boost mode switch for 3 seconds to enter the boost mode. To exit the boost mode, push the boost mode switch for 3 seconds again. After approximately 60 seconds of the boost mode, the generator will return to the normal mode automatically.

SPECIFICATIONS

Type	Inverter
Peak AC Output (MAX)	2200 watts
Continuous AC Output (Rated)	1800 watts
Engine	OHV, air-cooled, single cylinder, 4-stroke
Displacement	79cc
Dry Weight	55.2 lbs

DC Output	3 amps @ 12V
Fuel Tank Capacity	1.24 gal
Continuous Operation at 1/4 Rated Load	10.5 hrs
Noise Level (1/4 Load - Rated Load)	57 - 65 dBA
Warranty	3 Year Limited Warranty
