

Dr Power Trimmer Mower PREMIER

The PREMIER is a full-featured Trimmer Mower. It steps up from our PILOT model with the addition of a trimmer head brake that stops the head from spinning without shutting off the engine. The 7.60 ft-lbs torque DR engine with cast iron sleeve has plenty of power for all trimming and lighter mowing tasks.

Product Description

Portable Powerhouse

The 7.60 series DR engine features an easy-pull manual starting engine. Each DR Trimmer/Mower is backed by a 2-year warranty for residential use (90 days for commercial use).

An offset frame design allows the Premier to trim right up against foundations, fence lines and other obstacles with precise control. The front is fortified with a cast aluminum nose plate that protects the machine against damage from collisions.

Features

Super-duty Cutting Cords All DR Trimmer/Mowers accept super-thick 175 mil cutting cords—the thickest, longest-lasting in the industry (so you spend more time mowing and less time changing cords).

No Wrapping Unlike most trimmers, the DR wide-body design prevents vegetation from wrapping and tangling around the trimmer head (which tends to stall the engine. Even in tall grass, the DR Trimmer Mower keeps on

keeping on.

Assembled in the USA Assembled in the USA using foreign and domestic parts. Ships direct from our Wisconsin factory.

Patented Cord Attachment System Cords go on in seconds, no tools required. Choose from 5 different cutting height adjustments (1.5" to 3.5") at the same time you attach your cords. No tools and no extra time required. Set the cutting height low for trimming, or set it high for off-lawn mowing of tall grass and weeds.

DR Engine The legendary power, performance and durability of DR® engines make them excellent choices for use on our Trimmer Mowers. They are easy to start, comfortable to use, and feature a debris management system that protects the engine from whatever you kick up while you're cutting.
