Product Description

The best time to de-thatch is in the fall, because it allows water and nutrients to reach the grass roots in preparation for the spring. The Agri-Fab de-thatcher effectively uproots dead, matted grass swathes up to 48 inches in length. The groomer has rust-proof and replaceable heat-treated tines for maximum performance and durability. Two flat free wheels provide smooth transport. Simple-to-use cantilever transport handle for easy raising and lowering of the tines. The weight tray holds up to 70 lbs. for improved thatch removal. A universal hitch attaches to any lawn tractor, regardless of brand.

Product Summary

- Twenty durable spring tines for easy thatch removal.
 - Tray holds up to 70 lbs. for added soil penetration.
 - Transport handle for easy raising and lowering of the tines.
-
